

Hipstreet Titan Plus Battery Replacement

This guide will walk you through the process of replacing the screen of this device

Written By: Justin Machnik

INTRODUCTION

This battery replacement guide will walk you through the steps on how to remove necessary components in order to get to the battery. Replacing the battery is a moderate five step process using the necessary tools.

TOOLS:

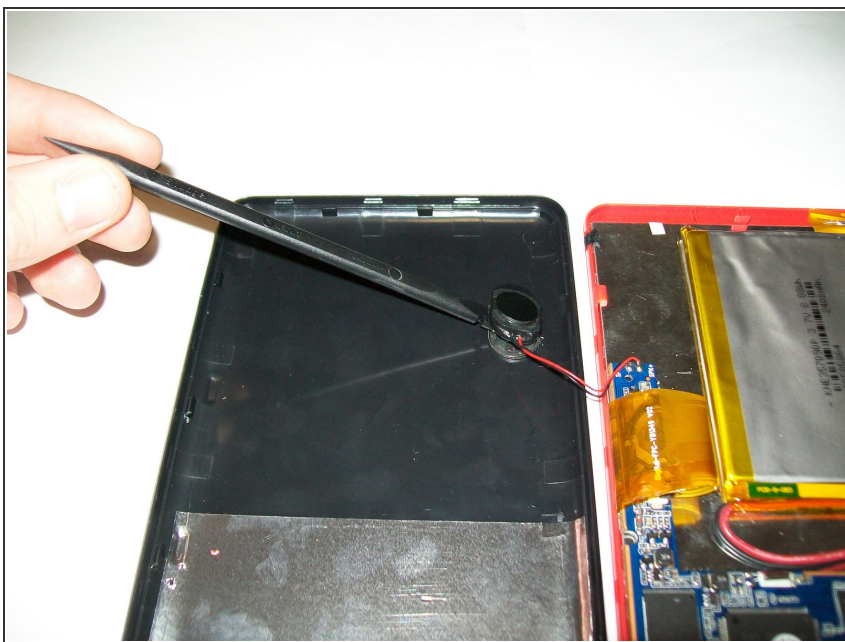

- [iFixit Opening Tools](#) (1)
 - [Spudger](#) (1)
 - [Soldering Station](#) (1)
 - [Tweezers](#) (1)
-

Step 1 — Battery

- Use the plastic opening tools to pry the screen from the back of the device.

Step 2

- Use spudger to remove the speaker from the back casing of the device

Step 3

- Remove black adhesive strips from the wires using the tweezers and set aside.

Step 4

- Use spatula and spudger to pry and remove the battery from the device.

Step 5

- Using the soldering iron, apply heat to the end of the wires until they are free from the motherboard.

To reassemble your device, follow these instructions in reverse order.
